

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is a clear example of the dangers of media consolidation.

This a clear violation of fairness and is allowing a corporation to clearly try to influence an election of the president with a free two hour political ad on the eve of the election. The officers of the company are clearly biased and to claim that it is a news event a clear lie. Please protect the citizens of America from this travesty of justice. Thank You.

Sincerely

John Wixson
